HENRIETTA TEMPLE,

A LOVE STORY.

BY THE RIGHT HONORABLE BENJAMIN DISRAELI

One vol. octavo, paper. Price, 50 cents.

"Henrietta Temple" is the first of a series of Disraeli's novels in a cheap but fair way. Will be followed by "Alroy," "Vivian Grey," "Venetia," and others.

"Henrietta Temple" is a love-story, pure and simple, and very charming. Its heroine, who gives name to the novel, is one of those exquisitely graced and refined women whom Disraeli loves to depict, and who are nowhere found in greater character than in his pages. It contains also one of his most agreeable creations in the character of Count Mirabel, whose unaffected good nature and frankness are very amiable. The love-story of the book are singularly successful specimens of a kind of composition, and throughout the work the flavor of youthful passion is happily expressed without any like weakness or sentimentality."

TROLLOPE'S VICAR OF BULLHAMPTON. THE VICAR OF BULLHAMPTON. A Novel. By Anthony Trollope. Author of "I Know He Was Right," "The Berwick," "Richmond," "Frances Parrot," "Small House at Allington," "Orley Farm," &c. With illustrations. Two vols. \$1.50. pp. 75.

Anthony Trollope's prose grace and wit are unequalled. His books are full of life, and every page is a picture of scenes, yet his stories are built with taste instead of growing weaker, and each is as fresh as possible as though it were the sole production of the author. He gives us pictures of English society, and still more, of human nature, which are infinite in their variety. His people are all people of the everyday world; his plots are made up of love-making, family quarrels, politics and such familiar affairs. The actors in them interest us, because they are true to nature, and because we can study all the ins and outs of their experience as we might those of our intimate friends, with the advantage of freedom and leisure. His stories are, in fact, animated pictures of circumstances with which we ourselves might easily have been acquainted; and the characters are all the little inconveniences and peculiarities of his characters with a sort of sympathetic humor.—N. Y. Sun.
